

Tampa FSDO FAASTeam presents:

Airport Surface Operations

We will also discuss: Airport Surface Operations Including Ramp and Taxiway Operations, Airport Hot Spots, Land and Hold Short Operations (LAHSO) plus Wrong Airport and Wrong Runway Takeoff and Landing. (2 hours worth of WINGS credit)

Operations on the airport surface are as important as those in the air. We will look at and discuss Taxiway and Runway Signage, Airport Diagrams and several actual incidents and near misses. What do those yellow lines on the taxiway mean? What should I do if ATC tells me to "Land and Hold Short of ____"? What are airport "HOT SPOTS"? How can I find out if my destination airport has a "Hot Spot"? What do I do if I get lost while taxiing on the airport? How do I know that I am lined up on the correct runway or, when landing, even at the correct airport? All of these items will be discussed. Pilots of all experience levels are welcome including; Student pilots, Newly Rated pilots, Experienced pilots, Rusty pilots and CFI's. Non-pilots that are interested in aviation and aviation safety are also welcome to attend. The FAASeminar Team Seminars at KTPF are held as organized "Hangar Flying" with participation by everyone. The primary focus is building a safety consciousness among pilots.

WINGS credit is available for this seminar. In order to receive WINGS credit for attending the seminar, please register at www.faasafety.gov. When you register for these seminars, you insure that credit is correctly applied to you. When you attend the program, a WINGS sign-in sheet will be available at the registration desk. The Wings sign-in sheet is what actually gets you WINGS credit for attending the event. Make sure you initial the sign-in sheet next to your name. You must have an email address to receive WINGS credit. If you do not currently have a www.faasafety.gov account, please create one as soon as possible after the seminar, make sure that you use the same email address for your account and to register for this event. Due to the limited number of seats available for the seminar, register early.

CDC, State & Local Covid-19 guidelines must be followed which may include social distancing and the wearing of a face covering or mask.

Directions: Please check in at the FBO to provide escort to the conference room, if you do not already have gate access to the airport.

Please contact one of the following cell phones upon arrival if you need assistance into the facility.

813-417-1796 David Carlson FAASTeam Rep

813-841-7727 Chase Harrison FAASTeam Rep

Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
